

9/12/23

Dear brethren,.

With much gratitude of heart I write on behalf of the SESBS family thanking everyone for the continuous support for God's kingdom here in Liberia and other parts of the globe.

I believe you read in our last report that SESBS would close in August and reopen for the 3rd batch of students this month, September. After considering the deplorable road condition we are faced with each year, coupled with other campus related problems, we have reconsidered our plan. Kindly see below new schedule:

Problems to Reopen.

1. Replacing the aviator (the part of the solar panel that is responsible to charge the battery). that got damaged immediately when we closed. This has to be bought from the capital (Monrovia). It is certain our students cannot live on campus without light.
2. There's a little problem with the water system, which we can handle, but that will be after the running season, in December. Presently we have to carry water in containers for the students' use.

Nevertheless, here is the recent schedule for calendar of events:

1. September 25, 2023, opening of academic 2023/2024. for the third batch of students.
2. December 9 - 10, 2023 graduation exercises
 - a. Guest preacher: Brother Charles A. Dennis, chairman, board chair
 - b. Guest speaker: Brother Kennedy Domue, preacher, Church of Christ, River Gee County.

Graduation will be held at the main campus of Southeast School of Bible Studies (SESBS).

SICKNESS

It was by the special grace of God that brother Daniel B. Sackey, Sr. is not paralyzed. As we were rounding up lessons for the 4th quarter, brother Sackey felt a severe cold under his feet and immediately had to leave class. The next morning, as he got up from bed, he couldn't walk. He stayed in bed for three weeks, but is improving walking but at very normal. We need your prayers for him. Please keep us in your prayers as we aspect the new academy year and new students. You are in our prayers.

In Him

Daniel B. Sackey, Sr.
DIRECTOR
SOUTHEAST SCHOOL OF BIBLE STUDIES (SESBS)
